

Help share the Love of Christ and the Gift of Life this Christmas Season.

Join us in December singing Christmas carols outside abortion facilities.

We will be taking gift baskets to the mothers inside the clinic, so devoid of hope they would kill their child during the Christmas season. Each basket will be filled with little baby gifts and a tract offering the love of Christ and the hope and help they need to choose life for their child! We will also bring gifts to the clinic worker, sincere gifts of love for their hearts and souls.

What better time to share the love of Christ than when we celebrate His birth?

We can bring faith and hope to these abortion clinics this Christmas season. We can save the lives of babies in the womb and lead mothers to Christ. We can share with the clinic workers a new way of life with Christ.

What is easier than singing carols outside an abortion facility? God says whatever you do for the least of them you do for Him – what will you do? Will you join us as we sing Silent Night and reach out to the least of these?

You don't want to pass up this opportunity to participate in this life saving activity. *Please join us share the love of Christ!*

Or you can help by donating baby items for the gift baskets. A list is provided on the reverse side of baby items needed. You will be blessed if you do and your gift may help save a life.
