

Merry Christmas?

This Christmas season, women will go into abortion clinics to have their babies killed. During a time when we rejoice in the birth of a Savior, innocent young babies will be torn from their mothers' wombs and they will never have a birthday.

You can do something about it. Join us as we reach out through Christmas caroling to women who are considering abortion. We will be caroling at our local abortion clinics as we offer gifts of love and hope to women in crisis. We will also deliver gifts to abortion clinic workers, telling them of Christ's saving grace.

give the gift of life.
